## Which Way Will You Choose

### Opener/Closer: (Circle Left)

As the world becomes entwined, In the lies from Satan's mind  
A leader will arise to take the reins  
Do an Allemande Left your corner - You Turn the Partner Right  
Allemande Left your corner Weave the Ring  
Which way will you choose? Which way will you choose?  
Swing the girl around and Promenade  
You got everything to gain, You got everything to lose  
Oh! Lord, which way will you choose?

### Figure:

Heads you Promenade Halfway around the ring  
Down the middle and Pass the Ocean there, Extend  
Swing Thru and then Girls Fold - Peel your Top  
Boys walk up and do the Right & Left Thru  
Pass Thru and then, Chaise Right and the corner Swing  
Swing that corner lady and you Promenade  
You got everything to gain, You got everything to lose  
Oh! Lord, which way will you choose?

### Break: (Circle Left)

As the world becomes entwined, In the lies from Satan's mind  
A leader will arise to take the reins  
Staying in love will bring us peace,  
If you put your hope in me (Allemande Left that corner and Weave the Ring)  
Which way will you choose? Which way will you choose?  
You Swing your lady 'round and Promenade  
You got everything to gain, You got everything to lose  
Oh! Lord, which way will you choose?
