Carolina Sunshine

Opener/Break/Closer: (Head Ladies Center Teacup Chain))

On an early autumn day,
Freshness of the breeze of the morning,
And the sun comes rising up,
Shining down on leaves that feel like garden snow. (Circle Left)
There ain't nothing like a Carolina morning,
Allemande Left, Swing and Promenade
It warms your mind and your body,
It puts Carolina Sunshine in your soul.

Figure:

Heads Square Thru four hands around the ring you're gonna go now,
Dosado,
Swing Thru and then the Boys Run to the Right and you Ferris Wheel,
Double Pass Thru,
Track Two and then well that corner lady Swing,
Take her by the hand and then you Promenade,
It warms your mind and your body,
It puts Carolina Sunshine in our soul.
