What Part Of No Don't You Understand

Lorrie Morgan (1992)

Opener: (Sides Face Grand Square)

* Sir if you don't mind I'd rather be alone

From the moment I walked in tonight, you've been coming on

(Allemande Left and weave)

If I've told you once, I've told you twice

Swing and promenade

What part of no don't you understand?

Figure:

Heads/Sides Promenade go half way,

Down the middle and Square Thru go four,

All the way then a Right & Left thru,

Veer left and Ferris Wheel,

Now the centers square thru go three quarters round

You Swing and Promenade

* What part of no don't you understand?

Additional Lyrics:

* I'm not interested in romance or what you have (SFGS)

Break: (Sides Face Grand Square)

What part of no don't you understand

To put it plain and simple, I'm not into one night stands

(Allemande Left and Weave)

I'd be glad to explain it

You Swing and Promenade

What part of no don't you understand?

Closer: (Sides Face Grand Square)

I appreciate the drink, and the roses were nice of you

I don't mean to be so mean,

(Allemande Left and Weave)

I don't need no company, and I don't wanna dance

So what part of no don't you understand?
