

Opener, Break Ending: Circle Left

*** Listen to the rhythm of the falling rain**

**** Telling me just what a fool I've been**

Do an allemande left your corner lady, come home a DoSaDo

Those men star by the left, around you go

Hey, Turn your partner by the right and your corner allemande

Come back one swing and promenade

Wish that she would go and let me cry in vain

Let me be alone again.

Figure:

Heads (sides) promenade and travel halfway around

Come down that middle and square thru four hands I sing

Four hands and then do a right and left thru

Veer to the left, then flutter wheel those centers Square thru

Three quarters you go, Swing your corner lady promenade

Little does she know, that when she left that day

Along with her she took my heart

TAG: Do an allemande left your corner come back then,

Hey Bow to the partner & corners all & that's all

*** The only girl I care about is gone away**

**** Looking for her brand new start**
